

# C 409

## INSTRUMENT MICROPHONE

Miniature condenser microphone that clamps on the instrument. Short gooseneck for precise alignment.

Room to move for horn players at last! Clamp the C 409 on the bell of your horn and forget about constantly checking the right working distance. A word of warning: A constant working distance means you'll have to watch your dynamic range – perfect results from the C 409 may require an initial learning phase.

The optional B 9 battery power supply (with belt clip) provides a volume control (see B 9 description on page 15).

### STANDARD ACCESSORIES

W 44 Windscreen

### OPTIONAL ACCESSORIES

B 9 Battery power supply  
MPA MicroMic Phantom Power Adapter

### SPECIFICATIONS

Polar Pattern:	hypercardioid	
Frequency Range:	20 – 20,000 Hz	
Sensitivity:	10 mV/Pa	
Impedance:	200 ohms	
Maximum SPL for 1% T.H.D.:	123 dB	
Connector:	C 409/B:	1/8 " mono jack plug
	C 409:	XLR w/integrated phantom power adapter
