MACKIE.

The image shows a detailed view of a Mackie mixer's control panel, divided into several functional sections:

- Top Section:** Features six pairs of channel faders (1-6) with associated level meters and solo buttons. It includes a stereo aux returns section with level meters and solo buttons.
- Middle Section:** Contains control knobs for MIX-B/MONITOR, PHONES 1 & 2, MONITOR, STUDIO, and SOLO. It also includes buttons for ASSIGN, MONO, EXTERNAL, and TALKBACK.
- Bottom Section:** Displays a large array of 24 vertical level meters, each with a scale from -40 to +10 dB. Below the meters are 24 channel buttons numbered 1 through 24.
